HOME OF FAMILY AND FRIENDS

A MESSAGE FROM OUR MAYOR...

Welcome to Langenburg! "Town of the Future, Home of Family and Friends."

Langenburg's town council operates a 10 year forward plan. Our Councilors have been very successful in putting into place a R.O. system giving us quality water. The upgrades to our lift station and lagoon will serve us very well for many years to come.

You'll find our residents to be warm and friendly. Our arena keeps us active throughout our winter season with skating, hockey and curling. Summer months you'll find people of all ages enjoying our outdoor swimming pool located at Centennial Park.

With our location on the Yellowhead Highway and proximity of the Potash mines and Canola crushing plants, the future is very bright.

If you have questions or comments, please contact, Howard McCullough, Town Administrator.

Mayor Dave Schappert
